Tanglebay Officer's Investigation

Thanks for coming, Officer _____.
Nice hat. ***We are going to need it very soon.***
But first, we need to speak with Bridget

BRIDGET`S INTERVIEW

Hi, Bridget. We came as quickly as we could. This is Officer _____.
They are helping me with the case.
Tell us exactly what happened.

Octena and **I** opened the shop this morning and worked as usual.
Later, I left for Business Bay to collect my hay order from Moow.
Octena stayed behind, but she was leaving for lunch shortly after me.

Bridget leaves... Octena leaves soon after... shop left unattended...
I hope you're taking notes, Officer.

When I reached Moow's shop, it looked closed. I knocked and waited, but nobody answered. I made that long journey for nothing!

How long were you away?

Tanglebay Officer's Investigation

Long enough to walk there, wait, and walk all the way back. When I returned, everything was covered in **red paint.**

Did you notice anyone behaving strangely before you left?

Octena was unusually quiet all morning.
And you should speak to **Deedee.** Ever since I ended our relationship, he has been bitter.

Thank you, Bridget. We will keep you informed.

Tanglebay Officer's Investigation

PART I: THE CRIME SCENE ANALYSIS

Wait....did you see that?
It looks like a tentacle print. And only one person working there has tentacles.

Help me examine it without damaging the evidence!

CHALLENGE I: EXAMINE THE PRINT

Choose one piece of equipment that could help you examine, collect, or preserve Octena's print.
Cut and glue it on your officer's hat to activate it.

Tanglebay Officer's Investigation

With the evidence safely examined, you and Honey go to find **Octena**.

Yes, the print is mine, but I did not destroy the shop!
I left for lunch shortly after Bridget. Then I realised I had forgotten something and rushed back.

What happened next?

When I left again, I was carrying too many things. I pulled the door closed, but I don't think the latch clicked.
After lunch, I returned and found the shop covered in paint. I stepped in it by accident.

So you panicked and ran away?

Yes... I thought everyone would blame me, so I ran. I had a sore throat this morning so I didn't speak much. I was scared Bridget would blame me for that.

Noted. Anything else we should know?

You should speak to Deedee. He was furious when Bridget broke up with him.

PART II: A ROUGH INTERROGATION

Bad news!
Since Deedee's antlers were stolen by the Porcupine twins, he leveled up his security, and his body guards, the Rhino quadruplets won't let us see him.

Help me find a solution!

CHALLENGE II: REACH DEEDEE

Choose one piece of equipment that could help you get past the rhino quadruplets and speak with Deedee. Cut and glue it on your officer's hat to activate it.

Tanglebay Officer's Investigation

Bridget thinks I might have something to do with her shop being vandalized? What a shame! I may dislike how she ended things, but I would never ruin my reputation over red paint.

So you had no reason to do it?

Absolutely none. I wish her the best. From a considerable distance. Now, if you'll excuse me, I have a photoshoot in ten minutes.

I regret to inform you, Deedee, but your bitterness is not helping your case...

And I regret to inform you, but I'm a model, not a criminal! Like, come on! My agent would kill me if I ever did something like that!

Tanglebay Officer's Investigation

There's still one person we can talk to. Moow was not at her shop, which means she could have been at Bridget's at the time of the meeting they agreed on!

PART III: ON THE GO

Ugh, she doesn't want to talk at all! But we need to know where she was.

Help me find a solution!

CHALLENGE III: GET MOW TO SPEAK

Choose one piece of equipment that could help you stop, persuade, or assist Moow long enough to question her. Cut and glue it on your officer's hat to activate it.

I chose:	I used it by:	This helped because:
----------	----------	----------
----------	----------	----------

----------	----------	----------

Tanglebay Officer's Investigation

Yes, I avoided Bridget. She collects her hay and never pays on time. When I saw her approaching, I hid in the back room and pretended the shop was closed.

How can I be sure you were inside your shop when the crime happened?

I did not vandalize Pearl’s Heaven. I had deliveries all morning!

Is there anyone who can confirm that?

I'm telling you, I didn't do it! Why would I want to ruin her business? I hate her, but I need her to make money so she can pay me what she owes me!

Tanglebay Officer's Investigation

Well, I think we've talked to everyone. Let's head back to Pearl's Heaven and review all our evidence.

Oh, you guys haven't caught the culprit yet? Then you should take a closer look at Moow. Didn't you see the hay hidden behind the door at Pearl's Heaven? Who else could it belong to?

Oh... interesting! Did you also see Octena's print? What did you make of that?

I didn't see that, but I definitely saw Moow's hay there! Anyway, good luck with all that. Bye!

I think we've heared everything now.

Go fill in your officers reports and join me afterwards to reveal the culprit.

Tanglebay Officer's Investigation

It’s time to fill in your report with all you have collected. Be thorough, officer !
